

COMMERCIAL SOLUTIONS

**We're Here Today To Help
You Save For Tomorrow**

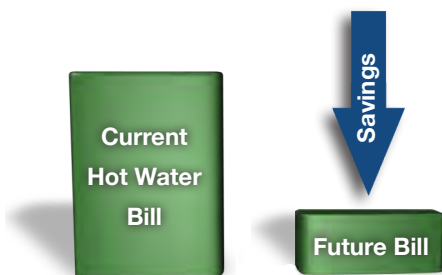

**Up to 80% of your hot
water FREE from the sun!
Ask us how.**

Why Now?

Hot water can account for more than 30% of energy consumed in commercial buildings. Solar hot water is a simple upgrade that allows building owners to protect themselves against rising energy costs.

- **Rebates & incentives available**
- **Low upfront costs, high returns**
- **Immediate reduction in utility bills**

Going Solar Has Never Been Easier

Call 877-458-2634 for a free proposal outlining system requirements and potential cost savings including local rebates and incentives.

Installation is simple. Engineers evaluate and support every step of the installation process to make sure it is done properly.

Top of the line support is provided throughout the lifetime of a system. A 10 year limited warranty ensures customers are happy long after installation is completed.
